Parents as Partners survey week

Week 8 (25th to 29th March) is the annual Parents as Partners survey week and we are hoping you can take 5 minutes to complete the survey, either online using the link below or by paper completion.

You may remember that we launched the Rosalie Parents as Partners strategy in 2011. Parents as Partners recognises that Rosalie is a school where the whole community works together to ensure that every child has a positive, happy and rewarding school experience. We are also fortunate that Rosalie has a community of parents, carers and extended family with a wide range skills and experience that are happy to assist at the school when required.

Last year Parents as Partners was able to:

- Support teachers with extra help in the classroom for individual students
- Help the school with grant funding applications
- Source parents and carers to run the Support-a-Reader program in 2012
- Help with the set up of a buildings and grounds committee
- Bring parents together to help with the Writers’ Festival

This year we are hoping to continue with the Support-A-Reader program and do more work on buildings and grounds. We would especially like to hear from anyone who may be able to help in the painting/handyperson areas. In addition, the ‘Musical Bites’ program is continuing in 2012 and we are hoping that we will have more musical parents and carers who are available to be involved in some short casual lunchtime time concerts for our children.

If you (or your children’s grandparents, aunts, uncles, or carers, perhaps even a neighbour or family friend who have a special skill or area of interest) would like to get involved and provide additional support for our students and school, we would greatly appreciate if you could please take some time to follow the link below to register your interest. If you have filled out the form in previous years – thank you - and it would be good if you could resubmit the form so that we can update our records. Please be assured that this data will not be used by anyone other than the Parents as Partners team to match skills and time with needs in the school.
